PROFILE

Full-Stack Developer with 4+ years of experience building responsive web applications, admin dashboards, business platforms, and REST APIs using JavaScript, Next.js, HTML, CSS, Laravel, PHP, and MySQL. Experienced in translating UI/UX designs into scalable user interfaces, integrating APIs, and collaborating across frontend and backend teams. Strong problem-solving skills with a solution-oriented mindset and a passion for delivering high-quality user experiences.

Currently based in Muscat, Oman and available for immediate joining.

EDUCATION

Bachelor's Studies in Software Engineering - Islamic Azad University, Shiraz (2018 – 2023)

Master's Studies in Software Engineering - Islamic Azad University, Shiraz (2024 – Present)

EXPERIENCE

UI/UX Designer & Frontend Developer

Denazh Agency (Jul 2020 – June 2021)

- Designed UI/UX solutions and developed responsive frontend interfaces for web applications serving international clients. Developed responsive frontend interfaces using HTML, CSS, and JavaScript.
- Collaborated with design and development teams to transform concepts into functional web experiences.

Full-Stack Laravel Developer

HaftWeb Company (Sep 2021 - Jan 2023)

- Developed and maintained business web applications, responsive admin panels, and management systems using Laravel, PHP, MySQL, Blade, and JavaScript.
- Implemented role-based access control (RBAC), multi-user functionality, and RESTful APIs.
- Designed database structures and contributed to the development of an internal Project Management System (PMS).
- Collaborated with cross-functional teams to deliver production-ready solutions.

Teacher – Computer Science (HTML/CSS & Web Basics)

Mehr-e-Taban IB School (Nov 2023 - Aug 2024)

- Taught HTML, CSS, and web development fundamentals in an IB international school environment.
- Delivered lessons in English and guided students through practical web development projects.
- Designed assignments and assessments aligned with IB learning objectives and evaluation criteria.
- Developed students' technical, problem-solving, and presentation skills through project-based learning.

Full-Stack Developer & Video Editor

Mitro Agency (2023 - 2026)

- Developed modern web applications using Next.js, JavaScript, and Laravel for business and e-commerce clients.
- Built and maintained Luisant product management platform and Form Menu restaurant system.
- Contributed to video production and post-processing using DaVinci Resolve.

Freelance Projects (Parallel Work)

- Developed custom business tools, landing pages, and management systems for clients.
- Performed frontend and backend enhancements for existing web applications.
